PROFESSIONAL SUMMARY

iOS Engineer experienced in building large-scale mobile applications with Swift, SwiftUI and UIKit. Strong background in modular architecture, API integration, automated testing and complex user journeys.

EMPLOYMENT HISTORY

- ❖ **iOS Engineer, PicPay** Mar 2022 — Aug 2026
Remote
 - Spent two years evolving the **card acquisition journey**, including major refactors, the **Guaranteed Limit** product — which reached **2M+ users in its first month** — and an integrated **account + card onboarding flow**.
 - Maintained and evolved card experiences including **virtual cards, additional cards and card management flows**.
 - Became the **primary iOS engineer for the team**, taking ownership of key initiatives and serving as a technical reference for the domain.
 - Led iOS delivery for the **Benefits Hub, VIP lounge access, restaurant reservations, World Cup campaigns and Super Cashback**.
 - Collaborated closely with Product and Design on UX and product decisions, contributing technical and domain expertise to shape user journeys.
- ❖ **iOS Engineer, Popcode** Jul 2021 — Mar 2022
Remote
 - Developed and maintained banking features using Swift and UIKit, integrating REST APIs and contributing to modular iOS architectures.
- ❖ **iOS Engineer, Cooper Card** Mar 2021 — Jul 2021
Remote
 - Developed card and financial features for the company's iOS application using Swift.

EDUCATION

- ❖ **Estácio** 2021 — 2026
Bachelor's Degree in Computer Science
